Hazardous Route Committee Handbook

Superintendent
Transportation Director
District Safety Officer
Hazardous Route Committee
School Bus Route Hazard Monitoring
Identify Hazardous Roadways
Identify Hazardous Intersections
Identify Hazardous Bus Stops
Road Authority Evaluating Crossing Points, Assessing Improvement Needs, & Installing Traffic Control Devices
School Bus Driver Stop Arm Violator Reports
YES
NO
Investigate School Bus Stop Arm Violators
Identify Alternate Bus Stop Locations
Revise Bus Routes with Alternate Stop Locations
Bus Drivers Use Alternate Safe Routes
Bus Drivers Provide Feedback On Bus Stop & Intersection Safety
District Safety Officer
Hazardous Route Committee
School Bus Drivers
Road Authority
Police
Parents and Students
Transportation Director

Table of Contents

Prologue: The Hazardous Route Committee Political and Social Environment……1
The Transportation Director Decision Environment……7
Special NeedsTransportation Issues and the Director of Transportation's Role in Complying with IEP Committee Requirements……13
Prologue Summary……14

Chapter One: Hazardous Route Committee Performance Standards and the Stakeholders They Serve……17
Introduction……17
Hazardous Route Committee Performance Standards……18
Authority of the Hazardous Route Committee……32
School Bus Hazardous Route Committee Members……34
Responsibility of the Hazardous Route Committee……35
Hazardous Route Request Procedure……36
Hazardous Route Committee Quality Control……37
Hazardous Route Committee Scheduled and Crisis Resolution Meetings……38
Hazardous Route Systems Analysis……39

Chapter Two: Dangerous Roadways for School Buses……43
Identifying Hazardous Route Segment Locations……44
Hazardous Route Committee Reviewing Available Roadway Hazard Information……44
Hazardous Route Committee Questions to be Answered during Roadway Onsite Evaluation……45
Hazardous Roadway Segments and School Bus Collision Types……47
School Bus Time Windows and Temporarily Dangerous Roadways……54
Early Warning Signs of Roadway Dangers for School Bus Routes……55
Roadway Pavement Surface (Seat-of-the-pants) Evaluations……56
Ranking Roadway Segments That Are Determined to be Hazardous……56
HRC Member Skills and Knowledge Needed to Recommend Traffic Authority Warrants……57

HRC Onsite Roadway Segment Observations……57
Traffic Conflicts Observed and/or Reported along Roadway Segments……58
All School Site Roadway Segments Are by Definition "Hazardous" and Subject To HRC Review……59

Chapter Three: Hazardous Intersections and Crosswalks……60
Hazardous Route Committee Intersection and Crosswalk Priorities……61
HRC Ranked Assigned Task Priorities……64
Rationale for Prioritizing HRC Intersection and Crossing Investigations……65
Hazardous Route Committee Management of Assigned Tasks……77
Hazardous Route Committees Must Go Digital to Get Their Job Done……77
.Proactive Surveillance of Student Pedestrian Safety, Close Calls, Near Misses and Complaints……78
HRC and the Framework for Identification and Prioritization of Pedestrian and Bicyclist Intersection and Crosswalk Hazards……81
HRCs and the Use of the PEDSAFE Decision System for Pedestrian Countermeasures And Treatments……82
Intersection Types and Their Estimated Pedestrian Risk Values……83
Pedestrian Crash Data Related to School Bus, Intersection and Crosswalks……92
Pedestrian Intersection Crossing Risk Factors……93

Chapter Four: Hazardous Bus Stops……111
Hazardous Route Committee and Pedestrian-safe Bus Stop Locations: A Continuum of Concern and Controversy……112
Hazardous School Bus Stop Locations……114
HRCs and Complex Walking Route Analysis of Student Pedestrians Residing away From Their Bus Stop Locations……133
HRCs as Road Safety Auditors for the Safety of Student Pedestrians, School Bus Stops and Hazardous School Bus Routes……133
HRCs and What the Data Show about Student Pedestrians, Safety and School Bus Service……133
HRCs and Conflicting Bus Stop Safety Rules for Student School Bus Service Compared to Transit Bus Service……136
HRCs—Reactive or Proactive in Their Approach to Student Pedestrian Safety……141
Summary……142

Chapter Five: The HRC, School Bus Stop Arm Violators, and Proposed Countermeasures……...143
Hazardous Route Committee and School Bus Stop Arm Violators……144
HRCs and School Bus Driver Stop Arm Violation Under-reporting……145
HRCs and the School Bus Proximity Conflict Zone Scenarios……146
Summary……200

Chapter Six: Using Alternative Bus Stop Locations and Countermeasures……201
Hazardous Route Committee Reports to Transportation Director for Implementation by School Bus Drivers Using Alternate Bus Routes and Stops……203
Implementing the Hierarchy of Countermeasures Recommended by the HRC……...203
HRCs Must Observe If and When Bus Routes with Safer Recommended Bus Stop Locations Are Being Implemented……204
HRCs Dealing with Parental Complaints for Those Who Do Not Wish to Move a Dangerous Bus Stop……204
The HRC and Regular Route School Bus Service……205
References by Chapter……214
Subject Index……217
Glossary……228
Appendices……243
Appendix A 50 State Police Accident Report Forms……243
Appendix B 50 State School Bus Stopping Laws……247
